# MY Y STORY

**For all the Y has done to improve my life.**

Two years ago, I have lost over 50 pounds and been disabled from a fractured hip, moving from walker to cane. **The support from Y members and staff was enormously helpful in my recovery.** When I first returned to water aerobics - on a walker and in so much pain I was grateful the members of the class ignored my tears and celebrated my progress each day. Today I work out six days a week in the pool and three in the gym. **The support makes this hard work? Hanging out with friends.**

**When you come to the Y to play, work or give, we are here for you.**

Opened in 2010, the YMCA of Martha's Vineyard has provided 100 year-round jobs (150 in summer) and \$2 million in payroll. We serve over 1,500 children to swim and be safe in the water, provide over \$200,000 in financial assistance to 771 individuals, and ensure 75% of electricity costs being generated by solar power. We have provided over 500 Island teens a safe, year-round place to hang out and 1,100 senior citizens a safe fitness program through water aerobics. We are partnered with over 30 island organizations to provide accessible programs to the community and have more than 75 swimmers to compete in swim meets through our Y competitive swim program and the Island's first ever MV High School swim team.

**With your help, just imagine what we'll do tomorrow.**

*"The Y serves the whole community. People of all ages and backgrounds use the Y. Lots of people are living healthier, happier lives because of it! Thank you!"*
