Recreational Swim: No reservation required. **One adult must be in the pool area during the swim time**. Children who do not pass the swim test must have an adult in the water with them and wear a life jacket. The slide is for swimmers that have passed the swim test. Please ask the lifeguard if you would like to use the slide. Two guards must be present for the slide to be used. Please remember to take a shower before entering the pool and everyone needs a swim cap. Please bring your own towel.

Lap Swim: Designated for organized swimming up and down the length of the pool repeatedly. NO RECREATIONAL SWIM or PLAYING in lap lanes is allowed. The lap lanes may also be used if you would like to do your own water exercises. If the lap lanes are full at the time you wish to exercise, please ask a lifeguard to help find you a space.

Water Aerobics: Designed as a shallow water medium intensity workout, using water for resistance, toning muscles, and increasing endurance and flexibility. This is a full body workout, a combination of cardio, muscle conditioning, and interval training.
